

TO: Chief of Logistics 23 Sep

23 September 1954

FROM: Chief, Real Estate & Construction Div.

**SUBJECT:** Weekly Activity Report

1. Items of Special Interest to DD/A:

- #### a. Building of TSS Laboratory

25X1

TSS authorities have requested heavy construction for baffle wall in the test laboratory which will increase the construction cost.

- b. DCI Move from Admin. Bldg. to South Bldg.:

00/Contact's move from South to Quarters I was completed this week. On 22 Sept. a meeting was held with representatives of the contractor, GSA and this Div. for the purpose of establishing priority order of work at South Bldg. This resulted in the contractor starting his work on the air conditioning today and the contractor has scheduled the starting of the first priority of this project for next week.

Problems in connection with the installation of the new emergency generator have been solved and work on the tunnel project will be resumed within a few days.

The elevator contractor is proceeding with fabrication of essential parts.

- ### G. Antenna Project:

Project is approximately 90% complete.
